## **1. Introduction**

### **1.1 Purpose of This Document**

The purpose of this document is to establish guidelines for the coding standard of the program. And facilitate the completion of Code Inspections.

### **1.2 References**

None Currently

### **1.3 Coding and Commenting Conventions**

None currently implemented. Plans are to follow standard C# coding conventions, with proper function comments, class comments, and inline comments. Along with universally accepted variable naming schemes. However, insufficient time was available to clean up code for this spiral.

### **1.4 Defect Checklist**

None currently identified.

## **2. Code Inspection Process**

### 2.1 Description
